

I'm in Love All Over

Reba McEntire

Well I'm flying out of Tulsa
Trying to get out to the coast
Missing my connections
But it's you I miss the most

I'm in love all over (echo)
I'm in love all over (echo)
Well I'm in love all over
Everywhere I go

Well my heart feels like bursting
When you walk into the room
My lips just start thirsting
For another kiss from you

I'm in love all over (echo)
Yes I'm in love all over (echo)
I'm in love all over
From my head down to my shoes

In search of true affection
I found a new direction
And that's straight to you
Oh I use to like to play around
But I can see that's all over now

Oh my friends sure like to gossip
Think they know the gospel truth
Words leak like a faucet
When it comes to me and you

I'm in love all over (echo)
Oh I'm in love all over (echo)
Yes I'm in love all over
Everywhere I go
I'm in love all over
From my head down to toes
I'm in love all over
Everybody knows about me and you

In search of true affection
I found a new direction
And that's straight to you
Oh I use to like to play around
But I can see that's all over now

Oh my friends sure like to gossip
Think they know the gospel truth
Words leak like a faucet
When it comes to me and you

I'm in love all over (echo)
Oh I'm in love all over (echo)
Yes I'm in love all over
Everywhere I go
I'm in love all over
From my head down to toes

I'm in love all over
Everybody knows about me and you

Oh yes they do
Cause I'm in love all over
I'm in love all over
Yes I'm in love all over
Yes I'm in love all over
