Suddenly There's a Valley

Reba McEntire

When you've climbed the highest mountain When a cloud holds the sunshine in Suddenly there's a valley Where the earth knows peace with men

When a star hides the distant rainbow And you think you can't find a friend Suddenly there's a valley Where friendships never end

Touched only by the season Swept clean by the raving rain Surveyed by every bluebird And kissed by the falling rain

When you think there's no bright tomorrow And you feel you can't try again Suddenly there's a valley Where hope and love begin

Suddenly there's a valley Where hope and love begin
