

Waitin' for the Deal to go Down

Reba McEntire

Oh, you've sold me you hold me
You've told me I'll be getting all your love
You can go wrong
If you hold on for so long
Just because you have to give up
Do I love you ooh ooh I'm afraid I do
Do you love me, once upon a time
I was sure I knew

R: I don't like what I been thinkin'
If it's true, oh, you know I'm a fool
Face to face you promise me forever
But the ring's still sitting in a store downtown
And I'm still sitting here
Waitin' for the deal to go down

I get lonely and lonely is only
The hardest way to spend the night
Then you call me
You call me and stall
And swear you're gonna make it right
So I hang on
Oh that's just the way things are
But the pay off I been waitin' for
Just might break my heart

R:

Is there someone out there I don't know about
Convince me baby beyond a shadow of a doubt

I don't like what I been thinkin'
If it's true oh you know I'm a fool
Face to Face you promise me forever
But the ring's still sitting in a store downtown
And I'm still sitting here
Waitin' for the deal to go down
Waitin' for the deal to go down
