

## When You Love Someone Like That

Reba McEntire

I think it was me, it must have been me  
I guess I did something wrong  
I tried too hard, wanted too much  
I guess that's why he's gone

I lost my pride and I falled and cried  
I felt like a little kid  
What's wrong with me?  
I still can't believe I did the things I did

I couldn't change him  
He was gonna break my heart  
I saw it coming  
Yeah, I knew it from the start

When you love  
(When you love)  
When you love someone like that  
When you give what you can't take back

When you love  
(When you love)  
With all your heart and soul  
It's so hard to let it go

When you love someone like that, yeah  
When you love someone like that

Girl, it ain't right, it just ain't right  
Don't tell yourself that it was you  
You followed your heart, you gave it your best  
There's nothing more you can do

Guys like him are like the wind  
And you know it's just too bad  
They blow in and out again  
And never know what they had

Girl, I can tell you  
He'll do the same to someone else  
It ain't about you  
So don't be so hard on yourself
