

# When You're Not Trying To

Reba McEntire

Let me try to explain, it's not the roses or champagne  
That really touch my heart  
How can I make you see? You're the best at loving me  
When you don't know you are

'Coz baby, it's the way that you reach out while you're sleepin'  
,

And gently hold my hand the whole night through  
It's how you listen when I'm pourin' out my feelings  
And baby when I feel the most from you  
Is when you're not tryin' to

You don't need to rehearse, some sweet romantic words  
To whisper in my ear  
So just forget the poetry, what comes naturally  
Is what I long to hear

Baby it's the way that you reach out while you're sleepin'  
And gently hold my hand the whole night through  
It's how you listen when I'm pourin' out my feelings  
Baby when I feel the most from you  
Is when you're not tryin' to

It's in your eyes, and in your smile  
In the passion of your kiss  
It's takin' me, in your arms so easily, so easily

It's how you listen when I'm pourin' out my feelings  
Baby when I feel the most from you  
Is when you're not tryin' to  
Is when you're not tryin' to  
When you're not tryin' to
