

# Who?

Reba McEntire

Who, oh, who's gonna love you like I do?  
Who, oh, who you gonna find to do the things that I do?  
Before you say goodbye  
You better think about it one more time

Tell me who, oh, who ever held you any tighter?  
Who, oh, who you gonna find that can take you any higher  
Before you put me down  
Better stop and look around

And tell me, who?  
Who who who who?

You might just find a match  
That can kindle your desires  
But what good is just one candle  
When what you need is fires

Tell me who?  
Who who who who?  
Who who who who?  
Who who who who?

Before I let you go  
One thing I've got to know

Tell me who, oh who's gonna love you like I do?  
Who who who who?  
Oh, who you gonna find that can do the things that I do?  
Who who who who?

Oh, who ever held you any tighter?  
Who who who who?  
Oh, who you gonna find that can take you any higher?  
Who who who who?
