

# My Moment

Rebecca Black

Were you the one who said that I would be nothing  
Well, I'm about to prove you wrong  
I'm not the only one who believes in something  
My one wish is about to come true

I'm not stopping for you  
No matter what you do  
I'll just keep on dreaming  
My head up in the clouds when nobody is around to see...

This is my moment, my moment  
It's my time, flying high, lime, mine  
Feels like my moment, my moment  
I've waited for so long  
But now everybody knows this is my moment, my moment

It's my time, flying high, lime, mine  
Feels like my moment, my moment  
I've waited for so long  
But now everybody knows this is my moment, my moment

You knew it all along, I was afraid of you  
I thought I couldn't be myself  
You tried to be my friend  
But I wouldn't let you  
Remember what you said  
Don't miss out on your chance  
Your life is in your hands  
So take it just as far as you can  
But trusting in yourself, forget everyone else

Believe...

This is my moment, my moment  
It's my time, flying high, lime, mine  
Feels like my moment, my moment  
I've waited for so long  
But now everybody knows this is my moment, my moment

It's my time, flying high, lime, mine  
Feels like my moment, my moment  
I've waited for so long  
But now everybody knows

Haters, said I'll see you later  
Can't talk to you right now  
I'm getting my paper  
Said I'm doing big things  
Things you never dreamed of  
I hope you are happy cause I'm 'bout to blow up

This is my moment, my moment  
It's my time, flying high, lime, mine  
Feels like my moment, my moment  
I've waited for so long  
But now everybody knows this is my moment, my moment

It's my time, flying high, lime, mine  
Feels like my moment, my moment  
I've waited for so long  
But now everybody knows this is my moment, my moment
