

# I Choose You

Rebecca Ferguson

What rules you makes you happy  
But your love will be your guide  
What you desire  
Becomes your fire  
To keep you burning  
Constant yearning  
When I decide  
To leave my pride

I choose you  
I choose happiness  
I choose being myself  
Despite everything else  
I choose you  
I choose you  
I choose you

I can make new plans  
Leave this strange land  
So I can be near you  
So my love can feel you  
Don't want no confusion  
Want you to know  
I'm always here  
You're worth the weight in gold  
Despite the lies I told

(2x)

I choose you  
I choose happiness  
I choose being myself  
Despite everything else

I choose you  
I choose you  
I choose you  
I choose you

And I been trying, boy  
It seems like I no longer cared  
Dreams don't last forever baby  
But my pride is gone  
My pride is gone

(3x)

I choose you  
I choose happiness  
I choose being myself  
Despite everything else

(2x)

I choose you  
I choose you  
I choose you  
I choose you

Cause I've been trying hard

Though it seems I no longer cared  
I choose you, you  
You, I choose you
