

# We'll Be Fine

Rebecca Ferguson

When you're lonely  
Don't be afraid, I'll keep your heart close to mine  
Lay safely in my arms  
Lay safely in my arms

When you're falling  
No you won't stay down  
'Cause I will hold you  
Lay safely in my arms  
Lay safely in my arms

When you feel you've had enough  
From this world that's giving up on you  
On you  
When you feel you've had enough  
From this world that's giving up don't you  
Don't you

Sometimes we get lost walking through the fire  
And when it all turns to dust  
We'll watch the ashes light up and we'll rise  
We'll rise

And we'll be fine  
(yeah we'll be, yeah we'll be)  
(yeah we'll be, yeah we'll be)  
And we'll be fine  
(yeah we'll be, yeah we'll be)  
(yeah we'll be, yeah we'll be)

You'll find peace  
As the sun falls on you  
Cry victory  
With your head held high

When you feel you've had enough  
From this world that's giving up on you  
On you  
When you feel you've had enough  
From this world that's giving up don't you  
Don't you

Sometimes we get lost walking through the fire  
And when it all turns to dust  
We'll watch the ashes light up and we'll rise  
We'll rise

And we'll be fine  
(yeah we'll be, yeah we'll be)  
(yeah we'll be, yeah we'll be)  
And we'll be fine  
(yeah we'll be, yeah we'll be)  
(yeah we'll be, yeah we'll be)

Oh, we'll be fine

And we'll be fine

And we'll be fine  
And we'll be fine  
And we'll be fine  
Just gotta try  
You gotta try  
And we'll be fine  
And we'll be fine

And we'll be fine  
(and we'll be, and we'll be)  
(and we'll be, and we'll be)  
And we'll be fine  
(and we'll be, and we'll be)  
(and we'll be, and we'll be)  
We'll rise  
And we'll be fine (yeah, we'll be)  
We'll be fine (yeah, we'll be)  
Yeah, we'll be fine (yeah, we'll be, yeah we'll be)  
And we'll be fine (yeah, we'll be)  
Yeah, we'll be fine (yeah, we'll be)  
Oh, we'll be fine (yeah we'll be, yeah, yeah, yeah, we'll be)
