

# Wonderful World

Rebecca Ferguson

I act like it's not cold, it's warm  
Take back my curtains that have been drawn  
Pretend all my bills have been paid  
They've been okay for days

I smile through the door  
Don't worry about any storm  
Not everyone will love me  
But I'm not scared to try

And I dream of a better life  
And I'll find what makes me smile  
I'm not there but give me time  
Plant a seed and let it flower through my hurt  
Found a good worth day and I'm digging through my dirt  
And I'm watching as the colors light the earth  
Thinkin what a wonderful world  
Yea, thinkin what a wonderful world

Scrape back my hair, that's all messy  
Wipe mascara from my eyes  
Put on my brave face  
The kind that tells I'm alright

I laugh when they're not near  
'Cause I know the truth  
Not everyone will love me  
But I'm not scared to try

(2x)

'Cause I dream of a better life  
And I'll find what makes me smile  
I'm not there but give me time  
Plant a seed and let it flower through my hurt  
Found a good worth day and I'm digging through my dirt  
And I'm watching as the colors light the earth  
Thinkin what a wonderful world  
Yea, thinkin what a wonderful world

I'm in a wonderful world
