

Almighty God

Rebecca St. James

There is a river, there is a refuge
For all who call in need of help
There is a river
A holy place where the most high dwells

Almighty God is our fortress
He is with us
God is with us

There is a river, it's overflowing
The presence of our Lord is here
There is a river
Our joy will rise as we draw near

Almighty God is our fortress
He is with us
God is with us

Almighty God is our fortress
He is with us
God is with us

We will not fear
(Whoowh)
We will not fear
(Whoowh)
Though the earth give way, He is strong to save
(Whoowh)
We will not fear
(Whoowh)
We will not fear
(Whoowh)
Though the mountains shake, He is strong to save

Almighty God is our fortress
He is with us
God is with us

Almighty God is our fortress
He is with us
God is with us

Almighty God is our fortress
He is with us
God is with us

Almighty God is our fortress
He is with us
God is with us
