

In a Moment

Rebecca St. James

In a moment, everyone falls silent
To hear the mighty trumpet
Split the eastern sky

Just imagine the King of all creation
Riding through the heavens
Returning for his bride

Alleluja, alleluja
Hear the sound of heaven ring
Alleluja, alleluja
All the earth will bow and sing

All the broken, they're no longer broken
As they dance before him
a radiant debut

And the lion walks beside the lamb and
All is well again
He's making all things new

Alleluja, alleluja
Hear the sound of heaven ring
Alleluja, alleluja
All the earth will bow and sing

Alleluja, alleluja
Alleluja, alleluja

Hear the sound of the crowd, alleluja
Face down on the ground, victorious
Hear the sound of the crowd, alleluja
Face down on the ground, victorious

Alleluja, alleluja
Hear the sound of heaven ring
Alleluja, alleluja
All the earth will bow and sing

Alleluja, alleluja
Hear the sound of heaven ring
Alleluja, alleluja
All the earth will bow and sing

Alleluja
(hear the sound of the crowd, alleluja)
Alleluja
(face down on the ground, victoriou)
Alleluja
(hear the sound of the crowd, alleluja)
Alleluja
(face down on the ground)
