

# Quiet You With My Love

Rebecca St. James

Come to me all who are weary  
And I will give you rest  
Come to me all who are weary  
And I will give you rest

Lay you head down  
On my shoulders  
Be still my child  
Rest a while

And I'll quiet you with My love  
Rejoice over You  
With My song  
With My song

And I'll quiet you with My love  
Rejoice over You  
With My song  
With My song

Come to me all who are weary  
And take My yoke upon you  
Come to me all who are weary  
My burden is easy and light

Lay you head down  
On my shoulders  
Be still my child  
Rest a while

And I'll quiet you with My love  
Rejoice over You  
With My song  
With My song

And I'll quiet you with My love  
Rejoice over You  
With My song  
With My song

And I'll quiet you with My love  
And I'll quiet you with My love  
And I'll quiet you with My love

And I'll quiet you with My love  
Rejoice over You  
With My song  
With My song

And I'll quiet you with My love  
Rejoice over You  
With My song  
With My song
