

# Thank You

Rebecca St. James

I am caught in the middle of  
So much that I cannot see the forest for the trees  
And oh I feel the pressure now  
And I'm about to blow, its all caving in on me

Something I know is amiss in my soul  
My eyes are on me  
They should not be  
I'll praise You from the center of the fire

So I say...  
Thank You, thank You, thank You, thank You, thank You  
I've got two words for You  
Thank You, thank You, thank You, thank You, thank You  
From my heart  
Thank You, thank You, thank You, thank You, thank You  
I've got three words more than thank You  
I love You

I've got much to thank You for  
You opened up the door  
Turned my sorrow to joy  
In this world that I am in  
Your wonders never end  
You define hope  
Thinking of all that You have in store for me  
I am in awe, I have got to stop  
And thank You for the love I have found in You

I want to say thank You for the peace  
That I have found with Your love surrounding me  
I want to say thank You for the mercy  
You've shown me the way that You've grown me  
I want to say thank You for the bride  
That You gave and all of our babies  
I want to say thank You just for being You  
'Cause You are the mystery that put a fix on me  
I am just some dude with a checkered little history  
Deep in the eye of my hurricane  
But You are the blood pumping through my veins
