```
When you're young
You wanna believe
Believe in love
```

Believe in everything

```
Time
Seems to be on your side
When you're young
And in love
```

And it's coming on strong

```
Time
To move along, baby
I've got this feelin' something's going on

I can't make my mind up
When I do
I tell you, baby I'll be through with you

I feel a heart ache comin' on
I feel a heart ache comin' on
I feel a heartbreak
```
