

Calling Me Out

Rebelution

I know we're not the same, but you're calling me out.
And I can't explain it. You're calling me out.
I'm not to blame, don't call me out.
And I can't explain it, you're calling me out.

Lets get to the point, yeah.
Did I miss the point? Yeah.
I wish this was a dream, but for now you put the blame on me.
And I don't really know what we're fighting for.
But right now it doesnt matter, no.
But still you put the blame on me.

I know we're not the same. But you're calling me out.
And I can't explain it, you're callin' me out.
I'm not to to blame, don't call me out.
And I can't explain it. You're callin' me out.

Sometimes you know you just gotta let things go.
Sometimes you know you just gotta let things go.
Whydunno, I'm moving on.
This ones to show that sometimes
You just gotta let things go.
Wooaah. Yeaah. Woooah.
