

This is a song for those  
Who lost their hope  
A long a long time ago  
I know someday that you will find it somehow  
Because you're not too old  
To accomplish goals  
And all the answers are within your soul  
It's up to you, you gotta figure it out  
Uh huh

Whether you want love or money  
Good fortune or fame  
You want a brand new card  
You want the world to change  
You better take some action right now, oh yes  
Because there's nothing in the world that you can't get  
So don't fill your life with confusion and regret  
You better take some chances right now

Well you can gain the world  
But for the price of your soul  
Yes I know, well I know, yes I know  
You can gain the world for the price of your soul  
But I hope you take the road less traveled  
And I hope you find the courage to grow  
Well I hope you find the courage to grow

So now you're 45  
And you realize  
Just what you wanna do with your life  
Just took some time for you to figure it out  
Cause everyone one of us  
Has a purpose here  
Sometimes it's hidden underneath your fear  
Just takes some time for the truth to come out

So whether you want love or money  
Good fortune or fame  
You want a brand new card  
You want the world to change  
You better take some action right now, oh yes  
Because there's nothing in the world that you can't get  
So don't fill your life with confusion and regret  
You better take some chances right now

Well you can gain the world  
But for the price of your soul  
Yes I know, well I know, yes I know  
You can gain the world for the price of your soul  
But I hope you take the road less traveled  
And I hope you find the courage to grow  
Well I hope you find the courage to grow
