Well it's about that time for us to look around and meet somebody new

Let's all welcome in familiar faces, perhaps somebody who, Has got a conflict in their life

Tell them you're sorry, but there's ways to change the wrong to right

See we can sit in a distant haze and watch rain clouds pour tho ughts of greatness and help our troubles sail real far away.

Well it's a struggle - everyday we're stressing, but what's a l ife without dedication?

I'm trying to pick up the souls intention to soak in music relaxation

We're feeling good, we're feeling alright We're feeling good, we're feeling alright

In a moment I'll be on my way, to better days, while life is ch anging

And even though I've had my share of pain, I've been sympathizing and realizing

I've got a feeling that we can be a better friend Simply complimenting every now and then

In the morning I wake up and miss the night before

Cuz I love the music more and more

See we can sit in a distant haze and watch rain clouds pour tho ughts of greatness to help our troubles sail real far away $\frac{1}{2} \left(\frac{1}{2} \right) \left(\frac{1}{$

While it's a struggle everyday we're stressing, but what's a life without dedication?

I'm trying to pick up the souls intention to soak in music relaxation $\ensuremath{\mathsf{N}}$
