

Good vibes  
We're bringing only good vibes  
People walking around talking down on others  
You can't know yourself without knowing about the other  
And I know  
That ain't the right way to go

I've got a hunch that we don't want to diss  
Let's move away from hate and prejudice  
The racist man yeah he's full of it  
Let's learn about the culture opposite  
Don't judge a book by the cover  
People take a look at the world and discover  
That beauty is the word that I think of when I see the different colors of skin  
And I'll rejoice and sing for them

The hatred keeps building up  
The tension keeps on building up  
The hatred keeps building up  
The racism is killing us

When we come around  
Try to keep compassion on the ground  
Feel a sense of freedom with crowd  
Connecting people with the sound

Well it's a choice to be grateful  
People focus on the enemy that's hateful  
The daily news has got a picture of a man, they say I'm supposed to hate  
So great, just another stereotype to make

Too many times that I've seen the wrong signs  
Back up with your hatred in life  
Cause we're bringing only good vibes  
Bringing only good vibes  
Too many times that I've seen the wrong signs  
Empty out the hatred in life  
We're bringing only good vibes
