

Moonlight

Rebelution

We've been lost out here for days,
Don't worry we'll be fine if we just wait,
Lets try to relate,
In our own world, we'll be okay

The clock ticks faster on these days,
Ticking tocks the way,
Can love thrash hate?
Lets try to relate,
In a bright world, we'll be okay

We'll be under the moonlight
Dancing away like,
Two silhouettes in the sand,
What a sight,
Can you see?
Can you see me?
Or is this a dream?
