

Roots Reggae Music

Rebelution

We're grooving
Nothing like roots reggae music
Now turn it up I wanna lose it
Nothing like roots reggae music

Higher self-meditation
The music brings upon me
Mixed with the healing of the nation
Well now that's all I need
Cuz it's the perfect combination
We're moving at our own speed
We're talking higher concentration
So keep it moving with me
Yeah let me tell you now

We're grooving
Nothing like roots reggae music
Now turn it up I wanna lose it
Nothing like roots reggae music

We wanna move we wanna groove
We wanna move we wanna play it non-stop
We wanna move we wanna groove
We wanna move we wanna play it non-stop
Because you can't stop this feeling
You can't stop this groove
Can't stop this music
You can't kill this mood
Music in the message
The message in the music
Never leave sight
In the right time
It'll give light
Well let me tell you now
