I Saw It Coming

Reckless Kelly

Well, I pulled into Jackpot Outta Ely and red-hot I was liking the action You laid on the charm

As well as some hot tips A kiss from her red lips I thought how could I lose So I bet the farm

Ill wind is blowin' I hear the drummin' I know where this is goin' I see it comin'

You'Dre holding a pat hand You'Dre playing the dealer The odds are way up there The cocktails are free

The cards you've been holdin' Ain'Ot what you've been throwin' IO've lately been knowin' That you'Ore bluffing me

You'Oll be high rollinO' I'Oll be out bumminO' And I know you'Ore goinO' I saw it coming

Gamblin' is knowin' When you should be callin', it quits When you'Dre down to a handful of hearts That are broken to bits

Ill wind is blowing I hear the drummin' I know you'Dre goin' I had it comin'

You['ll be high rollin' I'[]l be out slummin' I know you'[]re goin' I saw it comin'

I know you'⊡re goin' I saw it comin'
