

# Snowfall

Reckless Kelly

A hundred and ten dont me nothin' to me  
I've seen 40 below when the rivers freeze but the ground here's  
bare and the skies are clear im packing my gear and im outta  
here

CHORUS

when the snow falls down  
I'll be on my way to a western town  
when winter rolls around  
I'll be halfway home to a mountain town  
when the snow falls down

I'm headin up north for some peace of mind leavin my baby and w  
orries behind I'm gonna find my freedom brother you should  
too and if you dont do it now your gonna wanna get it over when  
you do

CHORUS

where the snow falls down  
where the snow falls down
