

Dying to Live

Reckless Love

The city's sweating on his hot summer night
The sidewalk steaming as I'm passing you by
Don't wanna stay between the white little lines
Coz life is like a street nobody survives

Sooner or later everyone has to die
Tonight I'm running on the line
I'm looking death in the eye
Gonna flash him a smile

In the dead of the night
I'm dying to live, I'm dying to live
In the dead of the night
I need adrenaline
I'm dying to live

When I'm afraid to die I feel the most alive
Not the ultimate sin
Just the life I'm livin'
I'm dying to live

The air's electric and it's reeking of fear
The wind has died now the moment is here
It's not a secret what I do in the dark
But still I keep it until death do us part

All I can say is that the feeling I love
Is like the silence right before you,
Hit the ground when you fall
Hear the grim reaper call

In the dead of the night
I'm dying to live, I'm dying to live
In the dead of the night
I need adrenaline
I'm dying to live

When I'm afraid to die I feel the most alive
Not the ultimate sin
Just the life I'm livin'
I'm dying to live
