

Metal Ass

Reckless Love

Navigating through the night
From the dark into the light
Eternity before my eyes
Ain't a place I can not find

Everywhere under the sky
Anywhere beyond, I'll
Take you to the other side
But don't you say I'm wrong

Metal ass, metal ass
Metal ass won't get there fast but it will last
Metal ass, metal ass
Spine of stell and butt cheeks made of brass

Don't you tell me how to drive
Been on the road for million miles
On the road I laugh 'n' cry
On the road I live and die

I tell you boy I cut these corners
Way before your day
Sure you pay my salary
But the highway is my way

Metal ass, metal ass
Metal ass won't get there fast but it will last
Metal ass, metal ass
Spine of stell and butt cheeks made of brass

Metal ass, metal ass (metal ass, metal ass)
Metal ass, metal ass (metal ass, metal ass)
Metal, metal ass
