

Night Of The Creeps

Recover

It is summer, I want to get stoned and fall in love,
We are sleeping giants, underground kings, we are fiends,
This is night of the creeps, do you feel it when we dance, world stands still, oh.

Damn us and our long hair, let's break in summer,
Sex and swimming, oh, almost crashed just to look at you,
Almost took enough to get me through, do you feel it when we dance,
World stands still, oh, do you feel it when we fuck, world stands still, oh.

You're all I talk, you're all I need,
You're all I taste, you're all I breathe

Do you feel it when we dance, world stands still,
Oh, do you feel it when we dance, world stands still, oh.
