

Pretty Gang

Red Café

The stock done went up
I see you baby
You know I f-cks with that, why not
Shake down

Pretty gang, that girl from the pretty gang
I'm a street n-gga from the hood
And I only f-ck with girls from the pretty gang
Pretty gang, that girl from the pretty gang
I'm a real n-gga from the hood
But I only f-ck with girls from the pretty gang

She a bad girl from the ghetto
I'm a hood n-gga only sip xo
If I ain't off the kush and the Rosé laid up f-
ckin' on the cougar b***h next door
Pretty gang all about that rep that
Throw your flag up, lame hoes hate you
When them broke a** n-
ggas come around finna be in yo' face make sure them n-ggas pay you
My shawty got ten Louis bags, tory burch, Channel and ysl
She ain't worried 'bout nothin', cause her team fly as hell
I'm here with my n-ggas, and we gon' spend this money
Party like it's yo' birthday, hit the telly then we get gully

That Dominican girl
East African queen, call you my cinnamon girl
Sweet like grandma cobbler, look at that girl posture
Ever think about f-ckin' with a mobster?
Everyday in designer, real n-ggas tryna get behind her
Got a tattoo on her back, it say "made in vagina"
Dope boys, ball players, f-ck she gots to talk that
What your bank account looking like lately
Lame n-ggas gon' walk it out
Heard the pretty gang deep for a fitness ho
Rich n-ggas finna ball out

Now if you pretty gang then rep your sets
All them stands they ain't stepped up yet
She kept it hard and she kept that wet
So she ain't missed a Giuseppe yet
Money talks and ain't get strep throat yet
Champagne til' I sweat Moët
Big ol' booty that stretch them sweats
Look back at it, retrospect
Gotta have it, every time a n-gga see it a n-gga wanna grab it
Can't be with a boss if you ain't established
Can't join pretty gang if you ain't a bad b***h (bad b***h, bad bitch
)
