

Slow Down

Red Café

Got the juicy fruit as a sweet saviour
Cake, cake, cake, cake, is desert time
Now your wave is flowing, I guess it's surf time
I could slow it down if it's your first time
But if you feel good, baby, you just say you feel good
I can't promise forever but more than a minute
Hey, time to love, I expect you to kill it
You got talent in every sense of the word
Blow my mind anytime you invented the word
So many compliments, I'm overdosing
I'm intoxicating, the speed of emotion
Stepped out the penthouse I took a lift down
I killed the city for months
I think I'ma skip town
Got me some Bobby Brown
I'm missing Whitney, though
'Baby, girl, what's your fantasy?
What's your vice?
What's happening when you're kicking insanity?
In this cold world, it's such a cold world
It's such a cold world

Think of me in a moment
You should slow down
Think of me in a moment
You slow down
Think of me in a moment
You slow down
Think of me in a moment
You slow down
I got it, I got it

I'm hustlin' endlessly
The hustling is in me
But me and you it's true
We got chemistry
I know you like it deep
So I'll be going deep
So I'll be going low
'till I'm putting you to sleep
So the cold breast
I love to feel it real
All the magic in bed
You're trying to kill Bill
This is how life is
Full of fashion killers
Do you put your nose just to cover your feelings?
Certify, qualify in your heart and your life
God damn, I just got to ride
You're a diamond, you're a queen, really
You're the truth, we're a team, really
You're the boss, you're the chief
You're the light
We got to certify to stand
Living good we beat the test
And when you slow down
You put me to the ground

Baby, you're the best
'What's your fantasy?
What's your fantasy?
What's happening when you're kicking insanity?
In this cold world, it's such a cold world
It's such a cold world

Think of me in a moment
You slow down
Think of me in a moment
You slow down
Think of me in a moment
You slow down
Think of me in a moment
You slow down

Think of me in a moment
You slow down
Think of me in a moment
You slow down
Think of me in a moment
You slow down
Think of me in a moment

You slow down
Think of me
When you're out there
