

# No Hope

Red Fang

My nervous system  
Wrapped so tight  
Bones so brittle  
I bleed inside  
Face is burning  
Hands so cold  
Now your excuses  
Are getting mighty old

No hope no, no going home  
No hope no, no going home  
No hope no, no going home  
No hope no

The creep is crawling  
Deep below  
He likes me better  
When I lose control  
Burning bridges  
Digging holes  
His words are poison  
They're all I know

No hope no, no going home  
No hope no, no going home  
No hope no, no going home  
No hope

You're not so pretty  
Your heart's so cold  
Your jokes aren't funny  
Your souls been sold  
You're not so smart  
There's a crack in your smile  
Your shit won't fly  
You're a useless pile

No hope no, no going home  
No hope no, no going home  
No hope no, no going home  
No hope no

No hope no, no going home  
No hope no, no going home  
No hope no, no going home  
No hope no
