

## Shivers

Red Harvest

I do as I wish  
Therefore you hate my face  
I don't speak about saving this planet  
While drinking another bottle  
Words you preach  
Empty words  
How can you say  
I don't give a fuck  
Look at yourself  
What have you done  
Shivers in my head  
You give me shivers all over  
Shivers in my head
