

Wrong Arm Of The Law

Red Harvest

The battle will go on and on, youths who dare confront the lies
,
Heads held high, they're standing tall,
Against the uninformed fools in full control!
Clear the area, go home, don't you dare speak out what's wrong,
Front to front, eye to eye, the ones who dare and the ones who
obey the lies!

It ain't no crime to kill someone
In the name of order and control,
It ain't no crime to hurt someone
As long as you stand on the right side,
It ain't no crime to kick someone
When that's what you get paid for,
Ain't no point in holding back
When you've the right to make an all out attack!

Mad arm of the law!
Wrong arm of the law!
Strong arm of the law!
Mad arm of the law!

The battle will go on and on, youths who dare confront the lies
