

Annie Wants a Baby

Red Hot Chili Peppers

1. Lucy Reibart,
she's a friend of mine.
Later she'll go,
back and redefine the line.
It's getting longer all the time.
Oh yeah
2. Drinking sunshine,
she likes the taste of it.
She had a goldmine,
but then she wasted it away.
You should have seen her yesterday.
Oh yeah
- R: Sing along the way
Nothing stops the ache

Sugar daddy
Loves her madly
Cosma shiva
Got off
Made you a believer
I don't need to
Tend her
Why do I believe you?
Annie wants a baby now.
Annie wants a baby any way she can.
3. Missing pieces,
she's got a lot of em.
Time decreases,
I wish I thought of em before.
Before it's time to close the store.
Oh yeah
4. Installation,
a lonely sink of fame.
Some liberation,
the only seed we ever farm.
I wanna help you but I can't.
No No
- R: Sing along the way
Nothing stops the ache

Sugar daddy
Loves her madly
Love 'er leave 'er
Got off
Made you a believer
Neon soldiers
Left her
Now you've gotten older
Annie wants a baby now.
Annie wants a baby any way she can.

It's getting longer all the time.

It's time to re-design the sign.
Oh yeah
Sing along the way
