

# Buckle Down

Red Hot Chili Peppers

Hah, on the ice, no holdin' my soul  
I want men, not mice, no stoppin' my throw  
Hah, get this, reds are back bills  
Work or play ball or just turn me loose

I know what's fight, in life, you better buckle down  
Don't give up your fight, in life, you better buckle down  
Two days with might, in life, you better buckle down  
Leave dreams tonight, in life, you better buckle down  
'Cause I know what's right

Hah, on the ice, no holdin' my soul  
I want men, not mice, no stoppin' my throw  
Hah, get this, reds are back bills  
Work or play ball or just turn me loose

I know what's fight, in life, you better buckle down  
Don't give up your fight, in life, you better buckle down  
Two days with might, in life, you better buckle down  
Leave dreams tonight, in life, you better buckle down  
'Cause I know what's right

I know, I know, I know what's right  
I know, I know, I know what's right  
I know, I know, I know what's right  
I know, I know, I know what's right
