

C'mon Girl

Red Hot Chili Peppers

1. Everything inside of me
is burning up for you to see
And if we should get into it
a two way kind of syndicate, hold me
Compare us to a ferry's wheel
just be sure of what you want to steal
Some people do it by the book
but I prefer to go by feel, tell me

*: I wanted to get outta here
but every time I reappear
And know I have the words my dear
to whisper right into your ear, hey, yeah

R: C'mon girl, Let's get it right,
Let's get it right, Let's get it right
C'mon girl, Let's get it right,
Let's get it right, Let's get it right
C'mon girl, Let's get it right,
Let's get it right, Let's get it right
(3x)

2. The spirit of a dragon's tear
is lovely at this time of year
The cave within your mountainside
is deeper than it will be wide, hold me
My disenchanted diplomat
asleep inside the Laundromat
Conveyer belts are moving
and I want you to be sure of that, tell me

*: And if you let it germinate
I know it will be worth the wait
Disputed by the news that
it was you who tried to instigate, hey, yeah

R: C'mon girl, Let's get it right...

*: Blessed are the hypocrites
outwitted but she never quits
The trouble with a band of slits
is washing of all the muddy bits, hey, yeah

R: C'mon girl, Let's get it right...

Oh yeah
she's with me and I'm your man
If I can't find you no one can
