

Good Time Boys

Red Hot Chili Peppers

1. Indeed it may seem that
we have strange ways
But we do it with compassion
and don't believe in age
Travel 'round the world
gettin' naked on the stage
Bustin' people out of
their everyday cage
We like to think
we make a sad man happy

And we like to make proud
our mammy and pappy
Funky young kings
we sing of truth and soul
We're the modern day
braves with one strong hold
Through the world of song
our boldness is exposed
I'm talkin' 'bout
my buddy's funk it up fishbone

R: Good, good time boys, make me feel good
Give me good times, yea, yea, yea yea !

2. Our devotion to emotion
is more than evident
To the minds that are open
it's you we represent
We hope you have enjoyed
the time that you have spent
One day the good time
boys might jest be president
Like a pack of mad hatters
who come from outer space

Our swinging's gonna shatter
every stone cold face
Now you may not
know the exact reason why
A band commands attention
from the mountains and the sky
Makin' more than money
more than money can buy
I stop and take a listen
to the monsters try

R: Good, good time boys...

3. If you don't believe me
you can ask John Doe
'Cause his heart is made of glory
and his voice is made of gold
He'll tell you in a minute
about the men he knows
He'll tell you 'bout the band
called Fire Hose
To those of you who doubt

the nature of our spirit

We play it out loud for
everyone to hear it
Building up our brains
with the supernatural powers
We take it from the trees
and the mighty watts towers
Aim the flame of freedom
at the lames and sours
We're the best of the west
and the west is ours

R: (4x)
