

I Could Have Lied

Red Hot Chili Peppers

1. There must be something in the way
I feel that she don't want me to feel
The stare she bares cut me,
I don't care you see so what if I bleed
I could never change just what I feel
My face will never show what is not real

2. A mountain never seems to have the need
to speak a look that shares so many seek
The sweetest feeling I got from you
the things I said to you were true
I could never change just what I feel
My face will never show what is not real

R: I could have lied I'm such a fool
My eyes could never never never keep their cool
I showed her and I told her how
She struck me but I'm fucked up now

*: But now she's gone yes she's gone away a soulful
song that would not stay
You see she hides 'cause she is scared but
I don't care I won't be spared

R: I could have lied...

R: I could have lied...
... I showed her and I told her how
She struck me but I'm fucked up now.
