## I Could Have Lied

## **Red Hot Chili Peppers**

- There must be something in the way
   I feel that she don't want me to feel
   The stare she bares cut me,
   I don't care you see so what if I bleed
   I could never change just what I feel
   My face will never show what is not real
- 2. A mountain never seems to have the need to speak a look that shares so many seek The sweetest feeling I got from you the things I said to you were true I could never change just what I feel My face will never show what is not real
- R: I could have lied I'm such a fool
   My eyes could never never never keep their cool
   I showed her and I told her how
   She struck me but I'm fucked up now
- \*: But now she's gone yes she's gone away a soulful song that would not stay You see she hides 'cause she is scared but I don't care I won't be spared
- R: I could have lied...
- R: I could have lied...
   ... I showed her and I told her how
   She struck me but I'm fucked up now.
