Knock Me Down

Red Hot Chili Peppers

1. Never too soon to be through
   Being cool too much too soon
   Too much for me too much for you
   You're gonna loose in time

   Don't be afraid to show your friends
   That you hurt inside, inside
   Pain's part of life
   don't hide behind your false pride
   It's a lie, your lie

R: If you see me getting mighty
   If you see me getting high
   Knock me down
   I'm not bigger than life

2. I'm tired of being untouchable
   I'm not above the love
   I'm part of you and you're part of me
   Why did you go away

   Finding what you're looking for
   Can end up being such a bore
   I pray for you most every day
   My love's with you now fly away

R: (4x)

3. It's so lonely when
   you don't even know yourself
   It's so lonely...

   Every turn looking to burn
   Some never learn live and learn
   Stop your searching for a curse
   Before you end up in a hearse

4. Don't slip away and don't forget
   I'll give you more than you can get
   It's so lonely when you don't even know
   Yourself, come to me

   Too late to tell you how I feel
   I want you back but I get real
   Can you hear my falling tears
   Making rain where you lay
