

# Love Of Your Love

Red Hot Chili Peppers

Sat on a cliff wondering  
'What did I miss?'  
I watched the waves come in  
Roll in roll out  
Without a single doubt

Lone on a bluff is there ever enough  
I stare into the air  
Somewhere out there  
The family affair  
Bring home, the night

Hey hey hey, I know  
That you turned on the light  
Hey hey hey, so slow  
But you gave me the love of my life

She gave me the love

Coming up short and I'm sad to report  
With us invite tonight  
Your kiss my kiss  
Another day to waste

Lovers don't mix when they can't even fix  
A plot that has a twist  
To share my pray, I need my baby back  
Come home tonight

Woah

Hey hey hey, I know  
That you turned on the light  
Hey hey hey, so slow  
But you gave me the love of my life

Hey hey hey, I know  
That you turned on the light  
Hey hey hey, so slow  
But you gave me the love of my life

Hey hey hey, I know  
That you turned on the light  
Hey hey hey, so slow  
But you gave me the love of my life

Hey hey hey, I know  
That I waited so long  
Hey hey hey, so slow  
But you gave me the love of my life

Oh, she gave me the love of my life

Tell her, Flea, go ahead
