

Mellowship Slinky In B Major

Red Hot Chili Peppers

1. I've got a mellowship, I've got a fellowship
I've got a non stop "Yo Swan" hello chip
Born to adore the big bad bison
A thunderstorm and a man like Tyson
Popcorn, peanuts, lookin' at big butts
No I cannot keep my mouth shut
Rockin' to the beat of the fabulous Forum
My Lakers, I adore 'em
Blush my lady when I tell her
That I do indeed love to smell her
Sopping wet your pink umbrella
Do the dog with Isabella

I'm so in love, yes with an artist
Imagination, he's the smartest
A Robert Williams stroke and splatter
I attest to your gray matter
Living kings, how true it rings
These are just a few of my favorite things

R. Good God, where's my sleigh now?
Good God, playing for days now
Good God, well anyday now
Good God, take me away now
Good God, the purple haze now
Good God, the baddest of brains now
Good God, well anyday now
Good God, ridin' my sleigh now

2. Being that I'm the duke of my domain
My hat goes off to Mark Twain
Singing a song about what true men don't do
Killing another creature that's kind of blue
Writing about the world of the wild coyote
A good man Truman Capote
Talking about my thoughts 'cause they must grow
Cock my brain to shoot my load
I'm on my porch 'cause I lost my house key
Pick up my book I read Bukowski
Can I get another kiss from you ?
Kiss me right here on my tattoo

R: Good God, where's my sleigh now?
Good God, playing for days now
Good God, well anyday now
Good God, take me away now
Good God, DeNiro's insane now
Good God, rackin' my brain now
Good God, well anyday now
Good God, take me away now
Take me away

3. Me, my friends and the sex machine
Do unto others like my brother Bean
I know you've got a mother
So give her a hug
I know you've got a mother

With a whole lot of love
Billy sings and Basie swings
These are just a few of my favorite things (x3)
These are just a few... Whoa!
