L.A. is the place, sets my mind ablaze

For me, it's a race through a cotton pickin' maze

The town makes me jump, it's got a bunch of bad chicks Well sure, it's got some chumps but I still get my kicks My body loves to scrump when I lick the ripe pick Like a come on a thumb Poppin' hump, hump, pop out

The action never stops, I'm as wild as can be 'Cos I'm shooting for the top and my best friend is Flea Oom Chucka Willy knew the balls to pop But he never met the Tree so he never be-bopped out hop!

Antwan the Swan, from the pretty fish pond Was a bad mother jumper, you could tell he was strong He war a cold paisley jacket and a hellified hat And between his legs was a sweat young lass

He threw a hundred women up against the wall And he swore to fear that he'd love 'em all By the time he got to ninety nine, he had to stop Because that's when he thought that he heard a phone

Last night and the night before, I heard a Fop outside, then I came in doors Freak out!

Now that I told you a little something about the Flea
A little something about the Tree, a little something about me
I can't leave you hangin' but my man Shermzy, he swings the yan
g, he bangs the yang
And now, it's time to hear him do his playin', you better be bu

rning Sherman!
