

# Parallel Universe

Red Hot Chili Peppers

1. Deep inside of a parallel universe  
It's getting harder and harder  
To tell what came first

Under water where thoughts can breathe Easily  
Far away you were made in a sea  
Just like me

R: Christ I'm a sidewinder  
I'm a California King  
I swear it's everywhere  
It's everything

2. Staring straight up into the sky  
Oh my my a solar system that fits  
In your eye Microcosm

You could die but your never dead spider web  
Take a look at the stars in  
Your head fields of space kid

R: (2x)

3. Psychic changes are born in your heart Entertain  
A nervous breakthrough that makes us the same  
Bless your heart girl

Kill the pressure it's raining on  
Salty Cheeks  
When you hear the beloved song  
I am with you

R: (2x)
