

# Soul To Squeeze

Red Hot Chili Peppers

I've got a bad disease.  
Insanity it seems  
All from my brain is where I bleed.  
has got me By my soul to squeeze

Where I go, I just don't know.  
When I find my peace of mind,  
I got to, got to, gotta take it slow.  
I'm gonna give you some of my good time
