Red Hot Chili Peppers

```
Well, my young lady, she lives three houses away
She claims that she can hear moaning and screaming
To me fuckin' you every night
Well, let me say "hey"
I want to party on your pussy, baby
I want to party on, party on your pussy
I want to party on your pussy, baby
I want to party on your pussy, yeah, yeah, yeah
Struck by lust in a telephone booth
Busted by a cop, he said "That's uncool"
He said that he hears moaning and screeming
To me fuckin' you every night
Well, let me say "hey"
I want to party on your pussy, baby
I want to party on, party on your pussy
I want to party on your pussy, baby
I want to party on your pussy, yeah, yeah, yeah
I want to party on your pussy, baby
I want to party on your pussy
I want to party on your pussy, baby
I want to party on your pussy
I want to party on your pussy, baby
I want to party on your pussy
I want to party on your pussy, baby
I want to party on your pussy
I want to party on your little pussy, girl
I want to party on your pussy
Let me shine your diamond
The girl got a scratch
Slap that cat
Have mercy
I want to party on your pussy, baby
I want to party on, party on your pussy
I want to party on your pussy, baby
I want to party on your pussy, yeah, yeah, yeah
