

# Throw Away Your Television

Red Hot Chili Peppers

1. Throw away your television  
Time to make this clean decision  
Master waits for it's collision now  
It's a repeat of a story told  
It's a repeat and it's getting old

2. Throw away your television  
Make a break big intermission  
Recreate your super vision now  
It's a repeat of a story told  
It's a repeat and it's getting old

R: Renegades with fancy gauges  
Slay the plague for it's contagious  
Pull the plug and take the stages  
Throw away your television now

3. Throw away your television  
Take the noose off your ambition  
Reinvent your intuition now  
It's a repeat of a story told  
It's a repeat and it's getting old

R: Renegades with fancy gauges...

4. Throw away your television  
Salivate to repetition  
Levitate this ill condition now  
It's a repeat
