

# Turn It Again

Red Hot Chili Peppers

Some of us get a little  
And some a lot  
We've got to make due  
With what ever we got  
We get it hot we cool it down  
And then we pass it around

You can dance  
For the sake of a golden day  
Take a chance on getting rid  
Of whatever's in your way  
Next stop big hop  
Is turning night into day

Sometimes when  
I'm lying there all alone  
I think of every little nothing  
That we could own  
To overthrow all of you  
Who have overgrown

All my friends  
Like to spend  
Days on end  
On the mend  
I turn to you, I turn into  
And then I turn it again

Here we go  
All we know  
Heavy load,  
Start to float  
Without a doubt, we turn it out  
And then we turn it again

Lets dance all night and day now  
Get down and show the way how  
I want to show you that I care

Two things I want to say now  
You make it all ok now  
I need to know that you are there

I've come to learn  
Whatever time I can find to spend  
Taking flight into  
Whatever light we bend  
Out on the street  
I get a beat and then  
I turn it to ten

Lace boots and the  
Ladies of kasakstan  
Kick 'em high to the sky  
All of this just because we can  
I turn to cuba  
Then aruba then the dominican

We've got to move it  
If we want to do our best  
We've got to shake it  
If we want to keep it fresh

I'm turning down  
All the heavy psychology  
To cut a rug  
And I make no apology  
I turn a cheek, I turn a key  
And then I turn it for free

We've got to move it  
Just a little to hit the spot  
A whirling derbish in a flurry  
A fox to trot  
Come clown around, a robot  
Doin' the astronaut
