1. Does it go from east to west, y'all
Body free and a body less, y'all
Come again just to start a fresh and
Once again to find a home
In the moment of the meantime

Dropping in coming through the mesh, y'all
Checking in just to get it blessed, y'all
Hard to leave when it's picturesque and
Find a form that's free to roam
Where you come from, where you going...

2. Do it all then it all again
Make it up and you make a friend
Paddle on just around the bend
Find a place where you can see
All the mamas and the papas

Take a chance on a recommend
Hard as hell just to comprehend
Disbelief that I do suspend
Easy now to find a breeze
Where you come from
Where you going

- R: We all want to tell her
Tell her that we love her
Venice gets a queen
Em C Asus2Dsus2
Best I've ever seen

We all want to kiss her
Tell her that we miss her
Venice gets a queen
Best I've ever

3. I know you said you don't believe
In God do you still disagree
Now that it's time for you to leave

Your stylish mess of silver hair
A woman of your kind is rare
Your uniform returns to air
G.L.O.R.I.A
Is a love my friend

And now it's time for you to go
You taught me most of what I know
Where would I be without you
G.L.O.R.I.A
Is love my friend

I see you standing by the see
The waves you made will always be
A kiss goodbye forever you leave
G.L.O.R.I.A
Is love my friend
