

# Walkabout

Red Hot Chili Peppers

I think I'll go on a walkabout  
And find out, what it's all about  
And that ain't hard  
Just me and my own two feet  
In the heat, I've got myself to meet  
A detective of perspective I  
I need to try, to get a bigger eye  
Open wide  
Blood, wood, flowers in my gaze  
Walkabout, in a sunny daze  
Do me now  
On a walkabout

R: You could do it in the city  
You could do it in a zone  
You could do it in the desert  
You could do the unknown  
On a walkabout

High desert skies are what I spy  
So fly - you've got to wonder why  
The stingrays must be fat this year  
I'm moving slow, in my lowest gear  
The digirido original man with a dream  
I believe, the Aborigine  
On a walkabout

R: You could do it with a shuffle  
You could do it with a stroll  
You could do it with a stride  
You could do the unknown  
On a walkabout

A walk could cure most all my blues  
Bare feet, or in my two shoes  
One, two

I think I'll go on a walkabout  
And find out, what it's all about  
Can't hurt to try  
Use your legs to rock it wide  
Take a ride, to the other side

I could learn the art of life  
On a walk I could find a wife  
I've been sitting far too long  
At home - I've got to get along  
Just me and my own two feet  
In the heat I got myself to meet.
