

## Human race

Red Rider

can see it on the road ahead  
Running hard I'm here  
But I could be there instead

Many houses with the lights on  
Silhouettes behind the shades  
Beside fires

I'm sure that I saw you in one  
I loved you but,  
That was way back then

Now I'm alone outside  
And I face the wind  
The rain washes me thin

Knocked me down and I got back up  
And I got myself back in the race again  
Knock me down, and I'll get back up  
And I'll get myself  
Back in the race again

Race through the shadows  
Race against stone  
The sunken city that  
I thought was my own

Might be in a brave new world  
But it's really not my home  
Roll over fall in

"My god", I screamed  
They might catch them,  
But they won't catch me  
I'm out here clean  
I'm free...yes I'm free

Knocked me down and I got back up  
And i got myself  
Back in the race again  
Knock me down, and i'll get back up  
And i'll get myself  
Back in the race again
