

## Black Smoke A Blowin' Over 18 Wheels

Red Simpson

Well woman don't you put no bets on me that I might  
settle down  
Cause I'm just not the settlin' kind I gotta chase around  
Well I'm a truck drivin' daddy and I keep on a goin'  
And it's just about time that I'm gone  
Cause black smoke blowin' over eighteen wheels well honey  
that's my home  
Black smoke blowin' over eighteen wheels is the only home  
I've ever known  
Black smoke a blowin' over eighteen wheels well honey  
that's my home  
[ guitar - steel ]  
Well I'd like to love you but I can't so I won't so  
what's the use to try  
It wouldn't be long till my love was gone and I don't  
want to make you cry  
So let's just kiss and say goodbye then I'll be gone  
Cause black smoke blowin' over eighteen wheels well honey  
that's my home  
Black smoke blowin' over...  
Black smoke a blowin' over eighteen wheels well that's  
home sweet home
